Re: Sum Company, Inc., Oljeto (Chum) Mine,
San Juan County, Utah

Dear Madam and Monsieur:

I am enclosing, in the correspondence to Mrs. Stirba, a duplicate of the "Application to the Division of State Lands for Approval of Proposed Mining Activity on State Mineral Lease No. ML-33315", the original of which this day was delivered by separate cover to Mr. James W. Smith, Jr., of the Division of Oil, Gas and Mining. This Application is tendered under the provisions of the Mining Memorandum issued by the Division of State Lands January 20, 1980. This Application is to the Division of State Lands but may be treated as an "In-Lieu Notification" if that will expedite the matter, though there is no desire to require publication in connection with the approval of this Application since the Application is for a less than two acre disturbance. The enclosed correspondence to Mr. Smith recites the expected time flow leading to approval. Mining operations are suspended until the approval is issued.

Please feel free to contact me if any questions should arise.

I assure you that no mining activity other than the pumping of water shall occur prior to the approval

of the Application.

Your courtesies in this matter are greatly
appreciated.

Yours very truly,

Aldine J. Coffman, Jr.
